

What are Sabre® Red™ Apps?

- *Sabre Red Apps* are optional, authorized applications that are visually and functionally integrated within the *Sabre Red Workspace*. *Red Apps* interact with the *Red Workspace*, providing a new level of integration. By choosing *Red Apps* that meet your specific business needs, and even the specific needs of each agent in your office, you will be able to create a customized environment for optimal agent productivity and customer service.
- *Red Apps* leverage the technical capabilities of the Eclipse Rich Client Platform, which is the open source software upon which the *Red Workspace* is built and operates. *Red Apps* are developed by *Sabre* or by *Sabre Red App Certified Providers* and are available to request or purchase in the *Sabre Red App Centre*.
